

*'Innovative services and analysis
methods so we can offer
you future-proof solution'*

COMPANY INFORMATION

Welcome to TLR International Laboratories, an independent lab facility for chemical analysis, microbiological analysis, DNA analysis, PCR, and analysis interpretations. TLR is a modern lab in Rotterdam, The Netherlands where highly trained staff work with state-of-the-art instruments to present the best, most reliable results in ways our clients can use. TLR specialises in analysing foods, feed and ingredients for the feed industry, as well as fuel and biomass products.
